EXPERIENCE

TIC-NOVA | Tunisia, Tunis

Full-stack web developer

2022-2023

- Full-Stack developer Intern

Collaborated closely with cross-functional teams, including designers and back-end developers, to transform design concepts into visually captivating and user-friendly web interfaces.

Contributed to the design process by offering creative insights and suggestions that enhanced the overall visual appeal and user engagement of web projects.

Developed and maintained a web application using Angular, Node.js, MongoDB, and Express.js, which included features such as user authentication, product listings, and a shopping cart.

Created a REST API to serve data to the web application using JSON Web Tokens (JWTs).

*previous experience as a **web designer freelancer** in freelancer.com with **20+** happy customers*
